# Better for Earth, Better for Business.

## Introducing the Eco Series Green Whip and Eco Series Professional Chargers

-  **Eco Series System saves up to 10%** in food costs by providing the highest volume solution for whipping fresh cream
-  **Eco Series System whips with low climate impact** – lower than aerosol cans & whipping machines
-  **Eco Series Chargers are climate neutrally produced and now**, use and transportation are entirely climate neutral through emissions compensation projects
-  **Powerful** enough to whip up plant-based toppings
-  **Legendary iSi innovation and quality** from Vienna, Austria

**Learn more at NRA booth 6651  
(North Hall)**
